

RESTORE SERIES

MIKA TOLVANEN ON THE DESIGN "I wanted for the Restore Series to have a humble character, allowing for it to easily fit into any environment. With its felt material made using fibers from recycled plastic bottles, the Restore Series has a curious and inviting expression while its corner slits bring a distinct look and added functionality to the design."

DESCRIPTION

A series of storage baskets in soft PET felt, available in 3 sizes. The baskets are ideal for storing magazines, office supplies, toys, wood logs and much more.

PRODUCTION PROCESS

The material is PET fibers. A percentage of the product comes from recycled plastic bottles, which are granulated, heated and blown like little fibers that are subsequently dyed. The fibers are worked together like mats, which can be pressed over heat-influenced forms that enables the material to maintain it's shape.
